

STUDENT TRANSCRIPT

Students enrolled in AP courses are encouraged to write AP exams/submit AP portfolios. The mark attained having written AP exams/submitted AP portfolios will not affect the mark that appears on students' transcripts. However, upon successful completion of the AP course, the mark that appears on students' transcripts will include AP designation. Details outlining which AP courses have AP designation in Saskatchewan are outlined in the Saskatchewan Ministry of Education AP Recognition Policy.

POST-SECONDARY CREDIT

The process of universities granting credit applies to AP courses offered through schedule, course challenge, and mentorship and challenge. Details outlining which AP courses are granted credit varies from one university to another and are listed in each university's AP Recognition Policy.
