Information for Parents/Guardians

Students will receive Driver Education instruction for a minimum of 30 hours in a classroom and 6 hours in a car behind the wheel. The vehicle used has a dual-brake control and is insured for all who ride in it. The 6 hours of in-car instruction provides a very basic level of driver training. It is extremely important, therefore, that the student be allowed to practise in the family vehicle until he/she has mastered what has been taught. It is in this area that parents/guardians have an integral part to play in the satisfactory completion of the training.

Successful program students will hold a learner's license. All students under the age of 16 with a learner's license must be accompanied by the parent, legal guardian or authorized instructor who holds a current valid operator's license. Anyone accompanying a student driver must fulfil the requirements as outlined in the SGI Driver Handbook.

I hereby grant approval for the above-named student to receive driver instruction in the Driver Education Program offered at Campbell Collegiate.
