

Hi! We're the Campbell Business Club!

We represent the students in the Campbell Business Program at Campbell Collegiate High School. Our Executive and club members volunteer to organize and lead fun business style events and activities for the over 500+ students taking business classes at Campbell. We believe promoting hands-on learning opportunities for students. We also aim to provide opportunities for students to practice their networking skills, interact with business community members and teach students to find a balance in their everyday lives.

Create. Communicate. Collaborate.

For questions about Campbell Business Program, please contact Ms Labas at Jill.Labas@rbe.sk.ca or message us on Instagram!

Join the Club

All Campbell students are invited to join us (you don't even have to be taking a business class). We meet every Wednesday during the school year in Room #151 at lunch. Come one, come all!

Join Case Team

We meet one day after school (4:00-5:15pm) to practice solving business & personal finance case studies. We have coaches come in from the business community and we then compete in local and provincial competitions.

Club Executive

Elections for the current school year usually take place at the end of September. Positions include:
